

Recommended Tree-Protection Materials:

These exact materials must be purchased to be eligible for the HBCF cost-share program

14 gauge welded wire: 4 feet tall with 2in x 4in mesh

Plan to buy 100 feet of fencing to protect approximately 10–20 trees (depending on their size).

It is sold in the garden supply section of Lowes/Home Depot/Tractor Supply for about \$100 per roll.

Landscape pins/staples

Purchase a pack of 100 (around \$10) for each 100ft roll of fencing you buy.

Other useful materials: rubber boots, work gloves, wire/bolt cutters
